## FOREWORD

<sup>1</sup> *Military Manpower Statistics (MMS)* is a quarterly publication generated from a computerized data base of manpower information. The MMS report consists of 26 statistical tables providing a variety of information on various aspects of Department of Defense (DoD) military manpower. In addition to summary data, detailed data are provided by Military Department or defense component, type of personnel (officer, enlisted), grade, and location. Selected tables also provide data on women in the military.

*\*NOTE: Excluded from all total DoD strength figures for fiscal year 1985 are approximately 55,000 full-time military personnel who are paid from other than active duty military personnel appropriations. This group is funded from appropriations for reserve components and Corps of Engineers civil functions.*
